

The New and Innovative Smart App for Controlling Your Shades using Bluetooth®, WiFi and Voice Control.

The **Smart-Shade** App allows you to control your motorized Shades, Awnings, Screens and more.

Smart-Shade can also:

- Be more energy efficient.
- Work with most "Voice Control" devices, such as Alexa.
- Program & operate multiple shades to open and/or close.
- Control other **outdoor home devices** utilizing the **Smart-Shade App** along with our **Smart-Switch** (sold separately).
